Practical Information

Best Time to Visit

May-June and September-October offer ideal conditions with warm temperatures (22-28°C), moderate crowds, and excellent visibility for photography. These shoulder seasons balance pleasant weather with fewer tourists compared to peak July-August.

July-August features peak tourism, very hot temperatures (28-35°C), and extremely crowded attractions. Prices are highest, and reservations are essential for restaurants and accommodations. Sunset viewing becomes chaotic with massive crowds.

November-March sees reduced tourism, cooler temperatures (12-18°C), and occasional rain. Ferry services may be reduced, and some attractions operate limited hours. However, prices drop significantly, and authentic local culture becomes more visible.

April features pleasant spring weather, Easter celebrations (timing varies), and spring flowers. It's an excellent value period with warm days and manageable crowds.

Getting Around Santorini

Ferry Service: High-speed ferries connect Santorini to other Cycladic islands (Mykonos, Paros, Naxos) and Athens. Ferry times range from a couple of hours (Mykonos) to many hours (Athens), depending on the boat. Book in advance for peak season travel. Local ferry companies include Blue Star Ferries and SeaJets.

Local Buses: The island bus network connects major towns and beaches. Services operate frequently but are crowded during peak hours. Purchase tickets at kiosks or on the bus. Routes cover Fira-Oia, Kamari, Perissa, and other destinations. Schedule information available at bus stations in Fira.

Scooter & ATV Rentals: Renting scooters or ATVs provides flexibility for exploring remote beaches, villages, and viewpoints. International driving license required. Daily rental costs range €25-50 depending on vehicle. Insurance is essential. Many rental companies offer delivery to hotels.

Car Rentals: Full-size car rentals are available at the airport and in major towns. Roads are narrow and winding; caution required, especially on steep descents. Parking is limited in village centers. Daily rates range €40-80 depending on season and vehicle size.

Taxi Services: Taxis operate island-wide with official rates displayed. Travel from airport to Fira costs approximately €20-25. Verify app availability for your dates. For long-distance travel, negotiate rates in advance.

Donkey Rides: Check current local conditions before relying on donkey transport, offering traditional travel experiences and unique photo opportunities. The journey takes approximately 20-30 minutes and costs around €5-10.

Cable Cars: A cable car connects Fira town to the small harbor below for ferry access, offering scenic rides and avoiding steep stair descent. Modern cable car handles large passenger volumes efficiently.

✈ Airport Transfer
